Rainbow

BY
THE STUDENT BODY
OF THE
JUNIOR COLLEGE OF AUGUSTA
AND THE
ACADEMY OF RICHMOND COUNTY
AUGUSTA, GEORGIA

Dedication

We, the editors, beg leave to dedicate this edition to the ideal of a great musical organization for our two schools and to the present band, which, by its steady growth in the past and its promise of still greater growth in the future, leads us to believe that it will become the realization of our dreams.

Foreword

May this small and unpretentious RAINBOW serve as a concise and accurate record of things done and things to do; may it, magician-like, conjure up from the ghostly past a sweet remembrance of pleasant associations; and may it, as long as written word shall endure, fill each graduate of these schools with a definite yet modest pride.

Vocational training has been tried on a smaller scale in previous years, but this is the first year that it has been tried on a large scale basis. This year there is a class of about thirty students.

The purpose of the Co-Op training is to teach the boys the particular kind of work which they are best fitted to do and most desire to do and then to give them the practical side of the training in a business firm.
